

## **2012 PROTECT-ALL®** **Installation Training Information**

Dear PROTECT-ALL Installer:

Thank you for your interest in an installation training class for PROTECT-ALL Commercial Flooring. Our class is designed to familiarize qualified vinyl flooring installers with the components of our commercial flooring system and to provide hands-on understanding and proper installation techniques. The class focus is on proper installation of PROTECT-ALL Commercial Flooring and covers concrete testing, proper adhesive use, heat welding, and approved installation, waterproofing, and seaming techniques. Please note that this is a “hands on” class; appropriate work clothing is recommended.

- Attendees will be **required**:
  - To have a minimum of four years experience with commercial vinyl sheet flooring and heat welding techniques.
  - To prepay the training fee of \$200 per person two weeks prior to the training class. Please note that the fee for late entries (less than 2 weeks prior to class) is \$250. Fees are non-refundable.
  - To satisfactorily complete all instruction and techniques in class to obtain factory trained installer status.

Classes begin at 8:00 a.m. and end at 5:00 p.m. Please keep these hours in mind when making your travel arrangements. Departing the training facility prior to class conclusion may result in class failure. All required training tools and supplies will be provided by Oscoda Plastics. NOTE: You will be fully responsible for these assigned tools and equipment during your training. However, installers are encouraged to bring any hand tools or knee pads they are accustomed to using.

Included in this packet are an Installation Experience Form and a Training Registration Request Form\*. These forms must be filled out and submitted with the training fee. Once this information is received by our office, your training dates will be confirmed. NOTE: All openings are filled strictly on a first come, first serve basis.

To register for a training class, proper planning through the appropriate Regional or District Manager for your area is required. The class fee includes installation training and materials, as well as hotel accommodations for up to two nights. Breakfast and lunch will be provided during both days of training. For further details or to obtain an application please consult our web site at [www.protect-allflooring.com](http://www.protect-allflooring.com) or call 800-544-9538.

Sincerely,

**Mike LeClair, Technical Sales Representative**
